

**PSG COLLEGE OF TECHNOLOGY
PLACEMENT AND TRAINING**

13th April 2026

CIRCULAR

M/s Texas Instruments – Bangalore, is organizing the **WiSE@TI - Hackathon**. A competition where students solve real-world software and data engineering challenges, receive mentorship from TI engineers, and compete for cash prizes and internship opportunities. **This year's theme is - Engineering the Intelligent Future – Data, AI, Agents & Beyond**. Students can use this as an opportunity to showcase their talents and work together to solve real-world problems.
